I'm an individual with an undying passion for using research, creativity, intellect and collaboration to produce the best possible outcomes.

## Achievements

- Entered my ideas and designs for a student mental health app into the 2018/19 RSA awards under the recommendation of my university lecturer.
- Further advanced this idea within my final year project, where I overhauled the app's UI/UX, created a brand and produced an animated advert.
- Developed my portfolio website from scratch using HTML 5 and CSS, with the addition of Bootstrap 4.
- Boosted traffic to my portfolio website by 45% in the space of a month, using social media platforms such as Facebook, where my posts reached 857 people.

## Personal Skills

- Excellent oral and written communication skills.
- Can work well within a team and individually.
- Excel in using analytical skills to evaluate the best way to approach a project.
- Can take the lead on decisions, using leadership and time management skills to track a project's progress.
- Able to motivate myself to ensure tasks are completed.

## Employment History

December 2015 - May 2019

**Customer Assistant** - Tesco, Wokingham & Winchester

- Communicated with customers in a friendly and relatable manner, building personal relationships with them.
- Worked under extreme pressure on numerous occasions whilst remaining calm and organised.

June 2019 - August 2019

**Junior Graphic Design Intern** - iHASCO (The Interactive Health and Safety Company, Bracknell)

- Used brainstorming and storyboarding, along with After Effects and Cinema 4D, to create sections of animated eLearning courses.
- Designed additional content for courses, such as PDF posters.
- Created branding material for the marketing department, such as posters and flyers.
- Offered a permanent position at the company, but gratefully declined to focus on my university studies and see what other career options were available.
